

Proposed Garbage and Recyclables Collection Rates in the County Franchised Area within the South Bayside Waste Management Authority service area, exclusive of County Service Area No. 8 (North Fair Oaks area) and West Bay Sanitary District

Effective January 1, 2014

Table 1. Residential Garbage Curbside Collection Rates*

Quantity	Size of the Container	Frequency of Pick-Up	Current Rate (\$/month)	Proposed Rate (\$/month)
1	20 gallon cart	1 x per week	\$28.15	\$29.42**
1	32 gallon cart	1 x per week	\$33.45	\$34.96
1	64 gallon cart	1 x per week	\$59.28	\$61.95
1	96 gallon cart	1 x per week	\$84.21	\$88.00

* The charges in Table 1 are for all three curbside carts, including: one (1) - solid waste cart, one (1) - 64 gallon recycling cart, and one (1) - 96 gallon compost cart. The rate for curbside service is based upon the size of the solid waste cart. Additional solid waste carts will be subject to the fees as listed in Table 1. Additional recycling or compost carts will be subject to service fees as shown at http://www.recycleworks.org/pdf/GARBAGE_RECYCLABLES_RATES.pdf.

** Residential Carts that are not located with 5 feet of the road right of way will incur additional service charges by Recology San Mateo County (Recology) based upon the distance of the cart to the road right of way.

Table 2. Commercial Garbage Collection Rates (Regularly Scheduled Weekly Service)

Quantity	Size of the Container	Frequency of Pick-Up	Current Rate (\$/month)	Proposed Rate (\$/month)
1	32 gallon cart	1 x per week	\$33.45	\$34.96
1	64 gallon cart	1 x per week	\$59.28	\$61.95
1	96 gallon cart	1 x per week	\$84.21	\$88.00
1	1 yard bin	1 x per week	\$216.48	\$226.22
1	2 yard bin	1 x per week	\$410.77	\$429.25
1	3 yard bin	1 x per week	\$457.41	\$477.99
1	4 yard bin	1 x per week	\$609.91	\$637.36
1	6 yard bin	1 x per week	\$756.11	\$790.13
1	8 yard bin	1 x per week	\$1,008.09	\$1,053.45
1	9 yard bin or box	1 x per week	\$1,134.11	\$1,185.14
1	15 yard bin or box	1 x per week	\$1,890.18	\$1,975.24
1	20 yard bin or box	1 x per week	\$2,520.25	\$2,633.66
1	30 yard bin or box	1 x per week	\$3,780.36	\$3,950.48
1	40 yard bin or box	1 x per week	\$5,040.49	\$5,267.31

For additional Commercial garbage services, multiple collections per week, and unscheduled service fees, please visit the RecycleWorks website for all of the rates: www.recycleworks.org/sbwma_unincorporated_franchised_areas.html

Notice of Proposed Increase in Garbage and Recyclables Collection Service Rates – County Franchised Area (Burlingame to Menlo Park) – Effective January 1, 2014

This notice is to advise property owners of the County of San Mateo Board of Supervisors' (Board) proceedings to set rates for garbage and recyclables collection services in the unincorporated franchised area within the South Bayside Waste Management Authority (SBWMA) service area, exclusive of County Service Area No. 8 (North Fair Oaks area) and West Bay Sanitary District (County franchised area). Adoption of the rates will result in property related charges, and this notice is, therefore, given in accordance with Proposition 218 and Article XIID of the California Constitution.

Garbage and Recyclables Collection Service in the County Franchised Area

Garbage and recyclables collection services to properties in the County franchised area are provided through a Franchise Agreement between the County of San Mateo and Recology San Mateo County (Recology). The County franchised area includes the following areas: Burlingame Hills, San Mateo Highlands and Baywood Park (Crystal Springs area), Harbor Industrial, Devonshire Canyon, Palomar Park, Oak Knoll, Kensington Square, Emerald Lake Hills, Sequoia Tract, Peninsula Golf Club, and Trailer Ranchero.

South Bayside Waste Management Authority

The joint powers authority known as the South Bayside Waste Management Authority (SBWMA), also known as Rethinkwaste.org, is comprised of 12 member agencies: Atherton, Belmont, Burlingame, East Palo Alto, Foster City, Hillsborough, Menlo Park, Redwood City, San Carlos, the City of San Mateo, the County of San Mateo, and the West Bay Sanitary District. Each member agency has its own franchise agreement with Recology for garbage and recycling collection services within their jurisdictions. The SBWMA provides coordinated waste management related staff services to member agencies, which include but are not limited to: consolidated rate reviews for garbage and recyclables collection service, rate recommendations for each member agency, coordination of recycling program services, outreach activities, and managing the operations of the Shoreway Environmental Center in San Carlos.

Proposed Rate Increase

The SBWMA (rethinkwaste.org) compiled data from Recology, data from South Bay Recycling (Shoreway Environmental Center operator), and information regarding member agency fees and other associated costs into a consolidated rate report.

The Recology franchise agreement allows for specific adjustments in compensation to support providing services to the rate payers. To make adjustments for the 2014 rate year, Recology is required to submit a contractor's compensation application to the SBWMA based upon actual services provided in 2013 (Jan-June), the analysis of the actual revenue Recology received for providing services in 2012, and the projected costs for providing service for 2014.

Recology's costs are broken into nine cost categories and each cost is allocated based upon four operational statistics specific to each service area. These operational statistics are updated annually in April and May and include: route labor hours, route hours, number of containers in service, and number of accounts serviced. Recology's compensation is allocated to the member agencies each year based upon the updated statistics.

The most significant factors contributing to the proposed rate increase in the County franchised area was the 2012 Recology collection service costs versus the actual revenue received for providing the services, the increase in Recology's contractors compensation based on route labor hours and the Consumer Price Indexes adjustments, the number of containers in service in the County franchised area, and the increased tons disposed and processed at the Shoreway Environmental Center. All of these factors attributed to increased costs for the County franchised area requiring a rate increase for 2014.

The SBWMA recommended a 6.8% rate increase for the County franchised area however, County staff conducted an analysis of the revenue, expenditures, shortfall, and surplus information and is recommending a 4.5% rate increase with a similar rate increase for the following calendar year to address the collections costs. The recommended rates would be effective on January 1, 2014. The proposed rate for one 32-gallon cart is \$34.96 per month. This represents an increase of \$1.51 per month from the 2013 rates. The rate increase is due in part to the collection of additional organics carts requested by residential customers. The fees have been modified to include a \$10.00 per cart/per month service fee for any additional carts above one recycling or one organics cart per residential dwelling.

What Do The Proposed Garbage and Recyclables Rates Pay For?

- ▶ Residential weekly curbside collection for garbage, recycling and organics (compost)
- ▶ Used motor oil and oil filter collection
- ▶ "On call" bulky waste collection for residential customers (two times per calendar year)
- ▶ Electronic waste collection on your bulky waste collection day
- ▶ Cell phone and battery collection
- ▶ Christmas Tree recycling collection
- ▶ Energy-efficient, cleaner emission garbage and recycling collection trucks
- ▶ Once-per-year free confidential document shredding event
- ▶ Door to Door Household Hazardous Waste Pickup
- ▶ Door to Door Safe Needle Disposal program
- ▶ Door to Door Electronics pick-up services
- ▶ Landfill fees for disposal of garbage and costs associated with handling recyclable and organic materials.

Public Hearing

The Board has scheduled a Public Hearing on **Tuesday, December 10, 2013 at 9:15 a.m. in the Board Chambers, located in the Hall of Justice and Records, 400 County Center, Redwood City, California**, to consider adopting a resolution for the proposed garbage and recyclables collection service rates for the County franchised area. The proposed rates are listed in this notice and on the website for the Board's Agenda for their meeting of October 22, 2013 at: www.smcgov.org/bos.

The Public Hearing will be open to the public and anyone interested may appear and be heard on this matter or submit a written statement. At the conclusion of the Public Hearing, the Board will consider adopting the resolution setting garbage and recyclables collection service rates for the County franchised area.

Any property owner in the County franchised area may file a written protest against the proposed rate increases. Although the Board will consider all input, State law provides that only written protests from property owners may be counted to determine whether a majority protest to the proposed increase exists. The Clerk of the Board of Supervisors must receive a written protest not later than the closing of the Public Hearing specified above to be counted. If a majority protest exists, the Board cannot impose the increased rates. If, at the conclusion of the Public Hearing, a majority protest of property owners does not exist, the Board will consider adoption of the proposed resolution. The written protest must include the property owner's name, property service address, assessor's parcel number (first line of the address label on the envelope), and the property owner's signature. Written protests may be hand delivered or mailed to the Clerk of the Board at 400 County Center, Redwood City, California 94063. No more than one protest per parcel may be submitted.
